Dear Mr. Mateer,

- I have been informed that the internal discussions that I referred to earlier have been completed and that the controlling legal language adopted for amendment approvals of products not complying with the May 28, 2008, Rodenticide Risk Mitigation.
- Therefore, I can proceed to process your amendments.
- I will next be in the office on Wed and should be able to provide a draft of the approvals of the labels to my Team Leader, John Hebert, by Thursday.

Thank You,

Daniel B. Peacock, Biologist
